CHILWELL, Lachlan is eligible to stand for election as a resident of the Shire of Boyup Brook.

G'day Boyup Brookians, Lachlan Chilwell here, putting my name forward for council elections this year. I am a long time local having lived and farmed here for most of my life while also being fortunate enough to travel to different countries around the world to work and study. This has done nothing but solidify me belief that Boyup is a fantastic place to live. However it could be better. My long term involvement with the Boyup Brook Roos football club has culminated this year with being president, a rewarding and worthwhile job I have been exposed to many challenges and issues facing the town. The ongoing saga with the sporting precinct development needs to be addressed so that future generations can benefit. Our aged care facilities need attention and development would be a boost to our local economy. I hope to be able to inject some fresh perspective to council and work with the members of our wonderful community.
