

CITIZEN OF THE YEAR 2023

Since 1985, The Boyup Brook Shire Council has made awards available on each Australia Day as a way of acknowledging outstanding contributions and achievements of individuals within our community.

This process is made possible through other community members taking the time to nominate people that they believe are worthy of recognition.

Eligibility of Nominees:

- Nominees must be current or past residents of the Boyup Brook Shire for at least 5 years.
- All nominations must address the selection criteria in the spaces provided on Parts A and B.

With awardees' permission, a summary of all their details, as appears on their nomination form, will be retained in Shire records. Contact details and information supporting their nomination will also be available to the local media.

The Shire's Australia Day Awards Committee will select all category winners. The Committee's decision will be final and no correspondence will be entered into.
