Mayanup Hall

Community and Town Hall Works

Our Project Officer has now met with all the respective groups to determine what they wanted to achieve at each of the halls with the allocated LRCI funding. Each group had some great ideas on ways to improve their halls and make them more usable. Contractors have now been engaged and you will start to see many of the great ideas come to life over the next few months.

Our town hall project is currently out to tender closing 21st February 2023. We will be completing some essential structural repairs to ensure the longevity of this historic building. Some of the much needed works include carpark and building drainage repairs, internal structural repairs and flooring replacement.

RANGER NEWS BARRC- Bunbury Animal Rescue Rehome Care

BARRC is a not-for-profit animal welfare organisation established in 2019. The committee and management of BARRC are based in the South West. BARRC will launch a Free Dog Sterilisation Program with their sponsors, SavourLife and Pet Barn to run from March 2023 to July 2023. The Program aims to reduce the number of unwanted dogs and their unnecessary breeding. This program has limited funds and will be available only until the funds run out. Unlike other reduced cost sterilisation programs, application for this program will be offered to everyone, not only pension card holders. Acceptance into The Program will be those with greatest need to access, re: limited financial capacity. Also, in addition to free sterilisation, BARRC will cover the cost of microchipping of non-chipped dogs that are accepted into The Program. If participating in this program interests you, please either contact Ranger Donna or pick up a flyer from the Shire Office.
