

Boyup Brook Independent Living Units Survey

Over the past year, the Shire of Boyup Brook has been actively exploring the potential development of Independent Living Units (ILUs) to better serve its senior community members.

This initiative aims to offer older residents the option to remain in Boyup Brook, close to family and friends, whilst maintaining their independence and benefiting from proximity to medical and community services. The proposed units are envisioned as a way to enhance the quality of life for Boyup Brook's seniors, ensuring they have access to suitable living arrangements within the community they cherish.

This survey is designed to gauge public support for the proposed development, with the feedback collected used to develop a comprehensive business case to assess the feasibility and benefits of the Independent Living Units.

This survey is available in large print or via email on request.
