#### **SUMMARY**

The purpose of this report is for Council to consider and approve the recommended Local Roads and Community Infrastructure (LRCI) Grant projects and allocate the funds required in the next budget.

#### **BACKGROUND**

In 2021 the Australian Government committed total funding of \$1 billion for Phase 3 of the LRCI Program.

Project construction can commence once Project Nominations for Phase 3 are approved by the Department of Infrastructure, Transport, Regional Development and Communications. Project nominations must be received and approved by June 30, 2022, with projects required to be physically completed by 30 June 2023.

An additional \$500 million announced in the 2022-23 Federal Budget for a Phase 3 Extension brings the total Australian Government commitment to the LRCI Program to \$3 billion.

Under the Phase 3 Extension, Council's will receive a funding allocation equal to their Phase 1 nominal funding allocation. This funding will be available from 1 July 2023, with construction completion due by 30 June 2024.

The Phase 3 Extension is a separate Grant Opportunity delivered like a further Phase and is not simply additional funds for Phase 3. Phase 3 Extension will open later in the year.

This program supports local Council's to deliver priority local road and community infrastructure projects across Australia, supporting jobs and the resilience of local economies to help communities bounce back from the COVID-19 pandemic.

Boyup Brook has been allocated \$915,062 under Phase 3, and \$457,531 under Phase 3 Extension. Council is now required to submit a Project Nomination form for Phase 3 with the LRCI Funding required.

**COMMENT**

Projects nominated under Phase 3 need to be completed by 30 June 2023. The recommended Phase 3 project nomination to be submitted to the Department of Infrastructure, Transport, Regional Development and Communications.
