#### **SUMMARY**

The purpose of this report is for Council to consider whether to follow a Voluntary Pathway or a mandated Election Pathway to reduce its number of Council members and remove wards, as required by the Minister for Local Government.

#### **BACKGROUND**

On the 20th September 2022 the Minister for Local Government wrote to Local Governments regarding the impending Local Government Reforms and in particular the reduction in Councillor numbers in line with the reforms, with Local Government with populations of less than 5,000 being required to have between 5 – 7 Councillors.

The Minister's letter states:

*Work on a Bill to amend the Local Government Act (the Act) is ongoing, and a Bill is expected to be introduced into Parliament in early 2023.*

*Many of the reform proposals related to council representation are based on recent trends and are intended to provide greater consistency between districts. Accordingly, for more than half of all local governments, the reforms will not require any specific change to the size or structure of Council.*

*However, the reform proposals do require some local governments to:*

- Reduce the number of elected members on council in accordance with population threshold; or*
- Change from a council elected mayor or president to a directly elected mayor or president (this reform affects only band 1 and 2 local governments); or*
- Abolish wards (for band 3 and 4 local governments with wards); or*
- Implement more than one of the above.*

*The amendment Act will also provide that optional preferential voting will apply for all local government elections. As you may know, optional preferential voting means that all electors have the choice to number preferences for as many or as few candidates as they wish to.*

*I appreciate the significant interest in the reform proposals, and transitional arrangements for the upcoming 2023 ordinary elections. Many councils have expressed a proactive intent to implement reforms as early as possible.*

*I also acknowledge that, for some local governments, it may be desirable to implement changes to the size of the elected council over two ordinary election cycles.*

***The Department of Local Government, Sport and Cultural Industries (DLGSC) has completed an initial review and identified that your local government may need to reduce the number of council members under the proposed reforms.***

*As you would know, the Act already provides that local governments may initiate proposals to change the size or structure of the council. Accordingly, I write to advise of two pathways your local government may consider for making these election transition arrangements.*

### **Voluntary Pathway**

*Your local government may decide to implement these changes on a voluntary basis. This pathway will require the council to make the steps outlined below and could involve staging any large changes in the number of councillors over two ordinary elections. This pathway provides the greater possible lead time to plan for next year's ordinary elections.*

*If your council wishes to undertake this process, it should by 28 October 2022:*

- *Advise the DLGSC of its intention to undertake a voluntary process. This advice should include a high-level plan outlining the potential changes to be implemented for the ordinary elections to be held in 2023 (and in 2025, if applicable); and*
- *Initiate a Ward and Representation Review to determine the specific changes to the structure of the council for the 2023 and 2025 ordinary elections, to be completed by 14 February 2023.*

*I appreciate that significant effort is required to complete a Ward and Representation Review. The Ward and Representation Review would need to be initiated ahead of the 28 October 2022 date, and finalised by 14 February 2023, to ensure that the timeframes set out in the Act can be practically met.*

*While the Ward and Representation Review can consider the size of the council, and any wards, any changes should not diverge from the proposed reforms. Further information is attached to this letter to assist with the process.*

### **Reform Election Pathway**

*Alternatively, it is intended that the Amendment Act will provide for all changes to be implemented through reform elections in 2023. This pathway would provide that all of the council's offices would be set based on the reform proposals.*

*Elections would then be held to fill all council offices, with a split between two and four year terms a might be necessary to re-establish an ordinary election cycle. For local governments in band 1 or 2, they newly-elected council would then be able to consider whether to establish new wards through a future Ward and Representation Review.*

*Your local government may specifically decide to follow the Reform Election Pathway. If this is the council's intention, I request that you advise the DLGSC by 28 October 2022.*

It is also intended that the Amendment Act will contain provisions for the Reform Election Pathway to apply if a local government:

- Does not advise of an intention to follow the Voluntary Pathway, or
- Decides to follow the Voluntary Pathway but does not suitably complete a Ward and Representation Review by the dates outlined in this letter.

**Next Steps**

In line with the above, I request that your council considers these matters, and provides formal written advice on the preferred pathway to the DLGSC by 28 October 2022.

Given the timeframes already established in the Act, no extension to the dates specified in this letter will be possible.

**Timeline and steps – local government ward and representation reviews**

The following steps will need to occur to allow all required local governments to meet the 30 June 2023 timeframe of publication in the Government Gazette of any proposed ward and representation review changes, ahead of the October 2023 local government elections. Please note that all stages that are currently followed for ‘regular’ reviews are included below:

Table 1 includes suggested timeframes which will need to be considered by all local governments that will be required to undertake a review ahead of the October 2023 elections.

All local governments should aim to have their completed reviews submitted to the Local Government Advisory Board (the Advisory Board) by no later than **14 February 2023**.

**Table 1 – proposed timeframes for local government actions**

<b>Date (latest possible)</b>	<b>Requirements/actions</b>
28 October 2022	Council resolves to undertake a ward and representation review A comprehensive discussion paper is developed
December 2022	Completion of six-week consultation period
December 2022 – January 2023	Draft review report is prepared, considered and adopted by council
14 February 2023	Formal review report is submitted to the Advisory Board

Please note that the above dates are suggestions only, as each council will have to consider their own calendars for their monthly meetings. It is also possible that some affected councils will have an earlier meeting in December 2022 is suggested as the date by which the draft review report should be considered by council.

**COMMENT**

Council had initial discussions on the 13<sup>th</sup> October 2022 regarding the impending changes to the Local Government Act and Boyup Brook’s requirements to reduce Councillor numbers between 5 – 7.

A review of Ward Boundaries was prepared and adopted at the Ordinary Council meeting held on 25<sup>th</sup> March 2021. Please see below council recommendation:

***That Council advise the Local Government Advisory Board that Council has considered submissions made during the consultation on its proposed ward review and has resolved to adopt Option 5 as detailed in Council's Review of Ward Boundaries and Representation Discussion Paper, retaining the current number of Wards, being the Benjinup Ward, Dinninup Ward, Scotts Brook Ward and Boyup Brook Ward and retaining the current representation with 9 Councillors based on the following considerations***

- ***Each of the wards is based on a locality within the Shire, are centred around activity centres and nodes that share a common community of interest.***
- ***Each of the wards are centred on localities that share common physical and topographical features.***
- ***Each of the wards share common demographic factors and trends***
- ***Each of the wards contain communities that share common economic factors.***
- ***The ratio of Councillors to Electors in the various wards will be within the thresholds set by the boards with the lowest deviation ratio of the options considered.***
