AGENDA

1. DECLARATION OF OPENING

The Presiding Member declared the meeting open at pm.

Acknowledgement of Traditional Custodians

We acknowledge and pay our respects to the Traditional Custodians of the land on which we meet and work.

Council Meetings are public meetings.

The Council Chambers are not a parliament and Parliamentary Privilege does not apply.

Elected Members and staff risk being held personally liable if their comments are defamatory, or breach any duty of confidentiality.

Statements made during Council meetings are solely those of the person making them. Nothing expressed at a Council Meeting can be attributed to the Shire, unless it is adopted by a resolution of Council.

The Confirmed Minutes of a Council Meeting are the official record of that Council meeting. Verbatim Minutes are not required.

May I ask everyone here today, to make sure your mobiles are turned off or on silent for the duration of the Meeting.

This meeting will be audio recorded for minute taking purposes.

4. PUBLIC QUESTIONS TIME

- a. Public Question Time provides the public with an opportunity to put questions to the Council. Questions should only relate to the business of the Council and should not be a statement or personal opinion.
- b. During the Council meeting, after Public Question Time no member of the public may interrupt the meetings' proceedings or enter into conversation.
- c. Whenever possible questions should be submitted in writing at least 48 hours prior to the start of the meeting.
- d. All questions should be directed to the Presiding Member and only questions relating to matters affecting Council may be answered at an Ordinary Council Meeting and at a Special Council Meeting only questions that relate to the purpose of the meeting may be answered. Questions may be taken on notice and responded to after the meeting at the discretion of the Presiding Member.
- e. The Presiding Member will control Question Time and ensure each person wishing to ask a question states their name and address before asking the question. If the question relates to an item on the agenda the item number should also be stated. In general persons seeking to ask questions will be given two (2) minutes within which to address their question to Council. The Presiding Member may shorten or lengthen this time at their discretion.

SUMMARY

To secure the \$813,000 allocated from the Disaster Ready Fund, the Council is required to provide a co-contribution of \$894,000. This commitment of funds is a necessary condition for accessing the grant.

BACKGROUND

In February 2023, the Shire submitted a proposal to the National Emergency Management Agency, seeking financial support for upgrades to the Boyup Brook Emergency Evacuation Centre, located within the premises of the local Football Club building. This funding request was made under the auspices of the Disaster Ready Fund grant scheme, the funding is provided to assist communities to prevent disasters and improve resilience by investing in infrastructure and risk reduction activities. The Shire was notified of the application's approval in June 2023.

The initial budget estimate for the necessary upgrades, was estimated at the time of applying for the grant, to be \$1,675,032. This figure has increased to \$1,707,000 when incorporating potential contingencies. The financing strategy for this undertaking was delineated as follows:

- The Disaster Ready Fund (DRF) contribution - \$813,000.
- The Shire co-contribution of \$894,000, inclusive of a segment attributed to in-kind labour.

REPORT DETAIL

The Shire is poised to seize a remarkable opportunity that allows for the dual-purpose enhancement of a key community asset, the Football Club building. This initiative aims not only to revitalise a well-utilised community facility but also to transform it into a reliable evacuation centre for residents and neighbouring communities during emergency situations.

In parallel with the Football Club building's renovation, the Council has initiated the preparation of a 'Recreation Centre Master Plan'. This strategic plan is set to craft a design that adeptly accommodates the needs of the community in times of crisis while simultaneously catering to the diverse requirements of various sporting groups.

The upgrade of the Football Club building to function effectively as an Emergency Evacuation Centre and to future proof additional sporting facility upgrades involves a series of critical enhancements, including but not limited to:

- Refurbishment of bathrooms and changing rooms to modern standards.
 - Installation of comprehensive air conditioning and heating systems for climate control.
 - Enhancement of accessibility features to ensure the facility is usable by all community members.
 - Implementation of robust safety measures to provide a secure environment.
 - Provision of secure storage spaces for essential supplies and equipment.
-

SHIRE OF BOYUP BROOK STRATEGIC COMMUNITY PLAN 2021 – 2031

Key Imperatives	Governance and Organisation
Outcome	Demonstrate effective leadership, advocacy, and governance
Objective	Provide transparent decision making that meets our legal and regulatory obligations, reflects the level of associated risk, and is adequately explained to the community

STATUTORY ENVIRONMENT

- *Local Government Act 1995*

SUSTAINABILITY AND RISK CONSIDERATION

Economic – (Impact on the Economy of the Shire and Region)

The development of a community evacuation centre, coupled with a bespoke recreation centre, offers substantial economic benefits. Firstly, it creates a multipurpose facility that serves both as a safe haven during emergencies and a hub for community activities, maximising the investment.

This dual functionality attracts diverse funding opportunities and can stimulate local employment during construction and operation phases. Additionally, by enhancing community safety and providing a venue for various recreational activities, it can boost local property values and contribute to the overall economic vitality of the area.

Social – (Quality of life to community and / or affected landowners)

The establishment of a combined community evacuation centre and recreation facility significantly enriches the quality of life within the community. It serves as a safe and accessible refuge in times of emergency, ensuring peace of mind and security for residents.

Simultaneously, as a recreation centre, it becomes a vibrant hub for social interaction, physical activity, and cultural events, fostering community cohesion and well-being. This multifaceted space offers a venue for diverse activities, from sports to community gatherings, enhancing the social fabric and providing a communal space for all ages and interests.

The presence of such a facility not only meets practical needs but also strengthens community bonds, promotes health and wellness, and enhances the overall sense of belonging and community spirit.

POLICY IMPLICATIONS

Nil

RISK MANAGEMENT IMPLICATIONS

Shire of Boyup Brook’s commitment to the identification and management of risk that may impact on the achievement of its business objectives.

Risk Level	Comment
High	In the face of the building industry's volatility, particularly concerning costs, Council is at risk of encountering several challenges. These include potential cost overruns due to fluctuating prices of materials and labour, project delays stemming from supply chain issues or labour shortages, and the possibility of quality compromises to maintain budget constraints.

CONSULTATION

Throughout the development of the Recreation Centre Master Plan and the redesign of the Evacuation Centre (Recreation Building), there will be an extensive and thorough consultation process involving the community and various sporting groups.

This inclusive approach ensures a wide range of perspectives and needs are considered, leading to a facility that truly reflects and serves the interests of all stakeholders.

RESOURCE IMPLICATIONS

Financial

The financing for the upgrade project comprises several sources, structured to maintain a balanced budget. It's important to acknowledge that while this funding strategy significantly impacts the Shire's reserves, this effect can be mitigated by allocating specific funds for this project in the 2024/25 budget. This approach aims to balance immediate project needs with long-term fiscal responsibility.

Description	Available	Transfer	Balance
Rylington Park Community Projects Reserve	\$474,147	\$447,000	\$27,147
Building Reserve	\$759,976	\$447,000	\$312,976

Workforce

This substantial project necessitates the engagement of our current workforce, primarily in project management roles. Most of these labour costs are accounted for within the approved budget.

A modest portion of these expenses will be covered through 'in-kind' contributions, which are integrated into the total project cost, thereby ensuring a comprehensive and efficient allocation of resources.

End

7. CLOSURE

There being no further business the meeting closed at ... pm.
