26 August 2021

To whom it may concern,

I am seeking shire approval to become a firearms and ammunition dealer. My intentions are to trade firearms, firearms parts, accessories, and ammunition locally and online. (All local sales will be delivered).

The firearms and ammunition will be stored in a 6x2.4m sea container which is currently approved by the WA Police for storage of firearms and ammunition.

WA Police request that applicants provide a letter (email is sufficient) from their local shire that contains a notation to the effect, that the local shire have no objection to firearms being stored or trading at the property 4029 Boyup Brook-Kojonup Road.

Kind Regards,

Jamie Anderson

Making a submission for a district boundary change

Local Government Advisory Board

October 2017

Background

The Local Government Advisory Board (the Board) is the body established by the *Local Government Act 1995* (the Act) to assess proposals for changes to local government district boundaries.

This document provides information on how the Board receives and assesses proposals for district boundary changes. It is recommended that proponents also check the requirements which are included in Schedule 2.1 of the Act.

Who can make a proposal?

The Board can accept proposals for change from the Minister for Local Government, local governments, or from electors.

Relevant information

The following information will help with formulating and submitting proposals:

- Schedule 2.1 of the *Local Government Act 1995*.
- *Guiding Principles* (background paper from the Local Government Advisory Board).
- *Form 1 – List of Affected Electors* (format for a petition from electors to initiate a boundary proposal).

What happens to a proposal?

Valid proposals (those that meet the requirements of the *Local Government Act 1995*) can either be:

Formally assessed

Informally assessed

The Board may reject a proposal if it is deemed to be similar to a proposal that they have assessed in the preceding two years. The Board may also reject a proposal if it considers that it is frivolous or otherwise not in the interests of good government.

All valid proposals must be considered by the Board.

For advice and assistance

You can contact the Local Government Advisory Board to discuss any aspects of your proposal.

Phone: 08 6552 1733

Email: advisoryboard@dlgsc.wa.gov.au

What happens when the Local Government Advisory Board receives a proposal?

Proposals can come from the Minister, local governments or electors.

Valid proposals

For a proposal to be assessed as valid it must:

1. Set out the nature of the proposal and its effects on local government
2. Have a plan showing the proposal and its relation to existing boundaries
3. Comply with any regulations (Form 1).

If the proposal comes from electors it must have the correct number of petitioners, that is, affected electors who are:

- at least 250 in number or
- at least 10% of the total number of affected electors.

The Board can decide to undertake a formal or informal assessment of the proposal or reject it if it is deemed to be similar to a proposal that the Board has assessed within the last two years. The Board may also reject a proposal if it considers that it is frivolous or otherwise not in the interests of good government.

Each proposal will be considered on an individual basis.

If the proposal is assessed as valid then a recommendation is presented to the Board on the nature of the assessment. The Board can either:

- Reject the proposal (unanimous decision required)
- Undertake an informal assessment (unanimous decision required)
- Undertake a formal assessment

In each case, the proponents and affected local governments should be notified of the decision as well as indicating a notional time frame.

Invalid proposals

If the proposal is assessed as not valid then the proponent is advised of that decision in writing.

Some factors which may render a proposal invalid could include, but are not limited to:

- Insufficient information included in the proposal
- Not adequately addressing the eight guiding principles
- Unclear maps or plans which do not plainly show the affected area
- Insufficient numbers of petitioners included in the Form 1 accompanying the submission

Notes for Local Governments Considering Submitting a Proposal

The Board has developed eight guiding principles for the prescribed matters to be considered in its assessment of any proposal. Each of these principles should be appropriately addressed in the proposal.

If a formal assessment is undertaken, the Board will invite written submissions from the affected local governments. These submissions should be based around the prescribed matters.

Where local governments are seeking minor amendments to boundaries, the Board requests that they attempt to reach agreement with the other affected local government(s) and submit a joint proposal to the Board. This will assist in the assessment process, and may help to reduce the overall time taken.

All proposals should be signed by the Mayor or President and the Chief Executive Officer.

The Board will inform affected local governments of proposals which impact them when it has made a decision on the level of assessment. It is also recommended that proponents inform their neighbours of any proposals for boundary change.

After it has been determined that a formal assessment is appropriate, the Board will advise affected local governments of the following before the commencement of the inquiry:

- that there will be a formal inquiry and
- the scope of the inquiry.

Consultation

The minimum public submission period is six weeks. The Board will advertise the proposal and invite public submissions in the relevant community newspapers. The affected local governments can also be asked to advertise on their websites, social media pages, and at public buildings etc.

Dates and times for public meetings and forums will be advertised in community newspapers and on public notice boards. Local governments will be advised of these times.

Key stakeholders and members of the public should be invited to attend any public meetings or forums and also to make written submissions to the Board.

Key stakeholders can include but are not restricted to:

- affected local governments
- members of the public
- rate payer and progress associations
- local business and service groups
- elected members
- government agencies.

The Board will meet with the councillors and senior officers of the affected local governments. Where there are specific issues or regional offices, the Board will arrange to meet with relevant officers.

Assessing the proposal

The Board will assess the merits of the proposal against the eight prescribed matters:

- a) community of interest
- b) physical and topographical features
- c) demographic trends
- d) economic factors
- e) the history of the area
- f) transport and communication
- g) matters affecting the viability of local governments, and
- h) the effective delivery of government services.

This does not limit the factors which can be taken into consideration. For example, the Board will also consider the impact of the proposal on wards and representation.

Making a recommendation

At the completion of its assessment the Board will complete a comprehensive formal report which is forwarded to the Minister. The report may recommend that the Minister:

- accept the proposal and make orders in accordance with the proposal
- reject the proposal
- make some other order which is not significantly different from the original proposal.

An absolute majority is required to support the Board's recommendation.

The Minister can either:

- Accept the Board's recommendation
- Reject the Board's recommendation

The Minister will also request the Board to give notice of its recommendation(s).

The Minister then advises the Department of Local Government, Sport and Cultural Industries and the affected local governments of the decision.

Requesting a poll

Where the Board recommends to the Minister the making of an order to abolish two or more districts and to amalgamate them into one or more new districts, affected electors may request a poll.

The Board will then give notice of its recommendation and the right of electors to request a poll, and is also required to advise the following groups:

- affected local governments
- affected electors
- other electors directly affected by the Board's recommendation.

A poll request must be made within one month of notice of the Board's recommendation.

It must be signed by at least 10% or 250 affected electors of one of the affected districts.

The Minister may also request a poll of electors affected by any Board recommendation.

If the Minister receives a request for a poll, then the Board determines the question(s) to be asked and prepares a summary of the cases for and against.

The Minister directs the local government:

- to make the summary of the cases available to electors and
- to hold a poll and return the results to the Minister.

The Minister is to reject the recommendation where:

- at least 50% of eligible voters vote and
- a majority of voters reject the recommendation.

If there is no request for a poll, the Minister will accept the Board's original (??) recommendation.

The Minister then advises the affected local governments and the Department of Local Government, Sport and Cultural Industries of the decision.

Proposals of a minor nature

If there is no request for a poll and the Board determines that an informal assessment is appropriate, the criteria for making this determination include:

- the proposal is considered to be of a minor nature and
- not one that requires public submissions.

Examples of minor proposals may include:

- transfer of individual lots or leases
- realignment of boundaries to correspond with changes in road alignments
- transfer of part lots to one local government
- historic anomalies.

While some proposals appear to be minor in nature, their impact may be such that the Board would choose to undertake a formal assessment in the interests of public involvement.

The views of affected local governments and land owners are important in the Board's consideration of the proposal.

The process is assisted if affected local governments are in agreement about the proposal.

After contacting affected local governments and land owners to request their views on the proposed change, the proposal is then assessed by the Board.

The Board then presents a report with a recommendation that the Minister either:

- accept the proposal and make orders in accordance with the proposal
- reject the proposal.

The Board advises the proponents and the affected local governments of the Minister's decision.

A copy of the Board's report will be made available on the Board's website at:

<https://www.dlqc.wa.gov.au/AboutUs/Pages/LGAB.aspx>

Guiding Principles

Proposal to create, change the boundaries of, or abolish a local government district

The Local Government Advisory Board's guiding principles form the basis for considering changes to local government boundaries and take into account the factors set out in the Act.

1. Community of Interests

Community of interests include parts of a district that share common interests, values, characteristics and issues, giving rise to a separate sense of identity or community.

Factors contributing to a sense of identity or community include shared interests and shared use of community facilities. For example sporting, leisure, religious and library facilities create a focus for the community.

The use of shopping areas and the location of schools also act to draw people together with similar interests. This can also give indications about the direction that people travel to access services and facilities.

The external boundaries of a local government need to reflect distinct communities of interest wherever possible.

Neighbourhoods, suburbs and towns are important units in the physical, historical and social infrastructure and often generate a feeling of community and belonging. The Board believes that wherever possible, it is inappropriate to divide these units between local governments.

2. Physical and Topographic Features

Physical and topographic features may be natural or man-made and will vary from area to area. They may include:

- Water features (such as rivers)
- Catchment boundaries
- Coastal plains and foothills
- Parks and reserves
- Man-made features (such as railway lines or freeways).

These features can form identifiable boundaries and can also act as barriers to movement between adjoining areas. In many cases physical and topographic features are appropriate district and ward boundaries.

The Board supports local government structures and boundaries that facilitate the integration of human activity and land use.

3. Demographic Trends

Local governments should consider the following characteristics when determining the demographics within their locality:

- Population size
- Population trends
- Distribution by age
- Gender
- Occupation.

Current and projected population factors will be relevant as well as similarities and differences between areas within the local government.

4. Economic Factors

Economic factors can include any factor that reflects the character of economic activities and resources in the area including:

- Industries within the local area
- Distribution of community assets
- Infrastructure.

5. History of the Area

The history of an area can be a relevant consideration, although the Board believes that in the majority of cases this will not be a primary justification for changing or retaining local governments and local government boundaries. The nature of historical ties between communities is important to understand, irrespective of where the local government boundaries lie.

A community within a local government may have a strong historical identity; alternatively there may be strong historical links between two or more communities in adjacent local governments. It is important to note that historical identity is not lessened if an area does not have its own local government.

6. Transport and Communication

The transport and communication linkages between towns and other areas may be a significant barrier to movement and therefore an appropriate boundary between local governments.

Consideration of the following factors is important in any assessment of local government boundaries:

- Port access
- Neighbouring towns
- Railways
- Major roads.

7. Matters Affecting the Viability of Local Governments

Local governments should have a significant resource base:

- To be able to efficiently and effectively exercise its proper functions and delegated powers and operate facilities and services
- To be flexible and responsive in the exercise of its functions and powers and operation of its facilities and services
- To employ appropriate professional expertise and skills
- To be capable of embracing micro-economic reform.

Each local government should have a diverse and sufficient rate base to ensure that general purpose grants do not represent the major revenue source.

8. The Effective Delivery of Local Government Services

A broad range of factors can be relevant to the effective delivery of local government services and these are often directly relevant to those that also affect the viability of local governments. They include:

- The size and geographical spread of the population
- Management effectiveness and efficiency
- The availability of staff expertise
- Appropriate infrastructure and equipment
- Customer satisfaction and feedback.

MEMORANDUM OF UNDERSTANDING

BETWEEN

EDITH COWAN UNIVERSITY

AND

THE SHIRE OF BOYUP BROOK

MEMORANDUM OF UNDERSTANDING

BETWEEN

Edith Cowan University (ABN 54 361 485 361) of 270 Joondalup Drive Joondalup WA 6027

AND

The Shire of Boyup Brook (ABN 95583688034) of 55 Abel Street Boyup Brook WA 6244
(the 'Parties')

Background

- A. Edith Cowan University is a public university established pursuant to the *Edith Cowan University Act 1984* and wishes to develop its relationships with respected education and training institutions.
- B. The Shire of Boyup Brook is a local government authority. The Shire owns and Rylington Park Institute for Agricultural Training and Research - 1437 Boyup Brook-Cranbrook Rd, Scotts Brook WA 6244. The institute is engaged in agricultural trials and research, industry-based training, and events such as field days and expositions.
- C. The Parties recognise that collaborative efforts will be of mutual benefit and may contribute to an enduring institutional linkage for research and education, co-operation and mutual assistance.
- D. The Parties are interested in exploring the possibility of establishing a cooperative relationship, including the carrying out of projects or activities relevant to their respective capabilities.

Scope of Collaboration

The Parties agree to continue discussions as opportunities arise to ascertain how co-operative activities could be implemented in the future. These activities could include:

- 1. Utilising Rylington Park Institute for Agricultural Training and Research for agriculture and regional development related research and allied education programs;
- 2. Conducting demonstrations and workshops for new and emerging technology;
- 3. Exploring new or novel approaches to sustainable agricultural systems;
- 4. Exploring new or novel approaches to marketing and supply chain completion;
- 5. Sharing and disseminating information and research outcomes with farming and regional communities;
- 6. Engage in discussions and activities regarding the development of programs and services in specific areas of mutual interest in the areas of agricultural sector education and research development and, regional development;
- 7. Endeavour to identify potential projects of interest to the parties to this agreement;
- 8. Engage in discussions and activities regarding the development of proposals for collaborative projects and allied research and education endeavours between the parties.

Signing Page

This document is a statement of the Parties' intentions at the date of this Memorandum of Understanding and is not intended to create a contractual relationship or be legally binding.

This Memorandum of Understanding will commence on the date shown below and operate for a period of 20 years.

Should specific joint activities arise as a result of further discussions, details will be set forth in an Agreement, to be signed at the appropriate time by the authorised representatives of the Parties.

Be it so understood and agreed on this _____ day of _____ 20____.

The Shire of Boyup Brook and the Edith Cowan University agrees to abide by the terms of the Memorandum of Understanding.

Charter of Rylington Park Institute for Agricultural Training and Research

This Charter confirms that the Rylington Park farming property, home of Rylington Park Institute for Agricultural Training and Research, will be held in trust by the Boyup Brook Shire to benefit the Boyup Brook community and for the use of agricultural training and research.

Rylington Park was gifted to the Shire of Boyup Brook by Mr Eric Farleigh in 1985. Mr Farleigh's wishes for Rylington Park were expressed in his last will and testament dated 8th June 1988.

"Without creating any specific trust it is my wish that my farming property be retained by the Shire of Boyup Brook for the benefit of persons within the Shire and for research purposes and that my farming records and other records are kept with my farming property."

Eric Farleigh 8th June 1988

Land records show the parcels of land that comprise Rylington Park were transferred to the Shire of Boyup Brook on the 11th October 1985. The transfer of the farm was officially announced on 2nd November 1985 in order to coincide with a visit to Boyup Brook by the Governor of Western Australia.

After gifting the farm to the Shire, Mr Farleigh continued to live on Rylington Park until his death on 11th November 1988.

OBJECTIVES

The objectives for Rylington Park Institute for Agricultural Training and Research are to:

- Demonstrate good governance and leadership by behaving with integrity and being open and accountable.
- Be recognised as a leader in technology use, training, and sustainable practices.
- Develop, trial and demonstrate the latest agricultural practices and technologies.
- Develop and demonstrate sustainable farming practices to sustainably manage the farm for future generations.
- Deliver industry relevant training.
- Deliver enhanced skills development for the farming community.

ACTIVITIES

To achieve these objectives, the Rylington Park Institute for Agricultural Training and Research will undertake specific activities in the following areas:

- Develop and maintain active partnerships with educational, training and research institutions to conduct training and research in all aspects of agriculture and facilitate these learnings to be shared with the Boyup Brook community.
- Collaborate with local farmers, businesses and organisations to participate in trials and demonstrations.
- Host industry workshops and training days.
- Host rehabilitation and regeneration trials for disused gravel pits and other degraded land.
- Encourage the use of the Rylington Park facilities for broad community participation and involvement.
- Invest in maintenance and ongoing improvements to the farm and facilities to ensure continued use and relevance for future generations.
- Engage the community in annual field days.
- Provide support to the youth of Boyup Brook with agricultural scholarships.
- Provide a financial contribution to community based projects from profits resulting from the operation of the Rylington Park facility.
- Provide regular updates on Rylington Park activities to the Boyup Brook community.

Adopted by the Boyup Brook Shire Council on the _____ of _____ 2021

Richard Walker
Shire President

Dale Putland
Chief Executive Officer
